MEMORANDUM FOR: Deputy Director (Support)

25X1A

SUBJECT : Temporary Lodging Allowance - [REDACTED]

1. The attached hardship allowance claim for [REDACTED] (Tab A) was referred to Contract Personnel Division for determination of the appropriateness of the current \$4.00 Temporary Lodging Allowance classification for [REDACTED]. Paragraph 4 below contains a recommendation for your consideration.

2. Discussions between Contract Personnel Division and State Department Allowance Division reveal that the Allowance Division is in receipt of reporting from USIA personnel traveling in the [REDACTED] area, which would indicate that the Temporary Lodging Allowance for that city should be raised to \$7.00 per day (Tab B). However, since this reporting was not received from the official U. S. Government reporting agency (State Department), the Allowance Division is not in a position to recommend the required change in the allowance.

25X1A

3. Contract Personnel Division will informally contact the Allowance Division of State Department with the request that the Allowance Division make a formal review as to the appropriateness of the [REDACTED] Temporary Lodging Allowance. Although this review will undoubtedly result in the raising of the Temporary Lodging Allowance classification, the time involved in the review and reclassification will not provide the solution for current CIA assignments to [REDACTED].

4. It is therefore recommended that pending the State Department reclassification of [REDACTED] Temporary Lodging Allowance, a Temporary Lodging Allowance of \$7.00 per day be authorized for CIA personnel assigned to [REDACTED]. In the case of [REDACTED], this

authorization would be effective on 21 February 1956, the date of his arrival in [REDACTED] on permanent change of station. A second CIA employee, [REDACTED] arrived in [REDACTED] on 1 April 1956, and the authorization in her case would be effective that date.
